OUTLOOK

With a strong Government re-elected at the center ensuring continuity of policies and ease of doing business and with GST implementation, we expect Good Business opportunities.

International instability due to trade wars among the 2 to 3 large economies along with liquidity crisis in the Banking and NBFC sectors for various reasons, the business sentiment on the whole is low. However there is large infrastructure spending by the Government and this is likely to support the industries. With all the above factors we expect that the Country's GDP will remain strong.

Our Consumer products businesses are focused on providing customers with a complete range of consumer adhesives mainly woodworking, packaging adhesives and rubber adhesives and also Construction based adhesives in future. Our Adhesive Brands "MAHACOL" "FORMISOL" "EMDILITH" have strong market presence and are known for its product quality among the influencers and consumers. With a nationwide network, our brands "MAHACOL" "FORMISOL" and "EMDILITH" enjoy a very respectable position and popularity in the adhesive market. We are working on having a PAN India intricate distribution and networking through our distributor & dealer network and are expecting exponential growth in the coming year. which in the initial stages had created disturbances in the working of country's economy, have now been evolved and adapted by various industries. This followed by a strong Government re-elected at the Centre would ensure continuity of policies and ease of doing business.

STRENGTH, OPPORTUNITIES, THREATS, RISKS, CONCERNS

Your Company's major strength is their long time business stakeholders and its brands image. Since 1960's age old days of Hoechst Dyes and Chemicals and Mafatlal Dyes and Chemicals in its vast range of products find usage in different industries and hence there is no over dependence on any particular industries.

Your Company has been consistently growing in the consumer adhesive segment for the past few years.

Your Company has already laid out plans to introduce more industrial grade adhesives with better returns and larger volumes. More so with a strong technical support additional products in Textile Printing and Processing have been envisaged.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

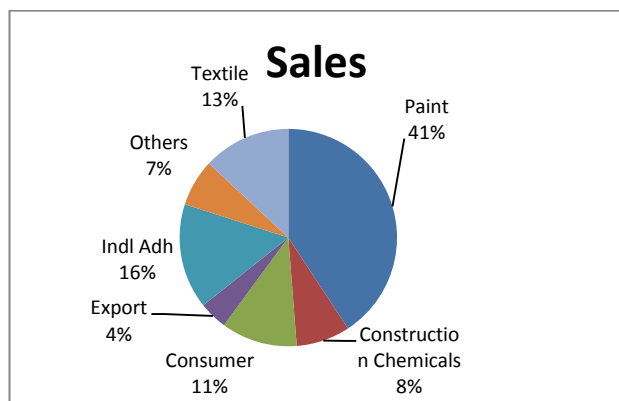

Your Company has in place the control systems based on the use of computer software that generate sufficient management information for internal control purpose. The directors closely monitor the operations of your Company personally. Having regard to the size and nature of the business operations, your Company has adequate internal control procedures for managerial control.

Information pursuant to paragraph (i) of Schedule V SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 as amended.

Particulars	Current Year	Previous Year	%Change
Net Profit Margin as % of the turnover	1.61%	1.14%	40.92%
Return on Networth being % of Net Profit over the Networth	15%	13%	15.31%

The reason for the improved performance is explained as under:

Without any increase in the capital base of the Company, net profit as a % to the turnover has increased by 40.92% which has the effect of increase in return on networth by 15.31%. The increase in net profit is mainly due to increase in the gross profit margin as a result of reduction in the cost of raw materials.

The lock down announced by the Government from 22.03.2020 due to COVID 19 pandemic has not materially impacted the financial position of the Company for the year ended 31.03.2020. However, the pandemic has materially affected Company's scale of operations during the period April 20 to June 20. During the month of July 20, the Company's scale of operations have reached near normalcy and barring unforeseen circumstances, the Company is hopeful of continuity of the normalcy for the rest of the financial year ended 31.03.2021.

RISK MANAGEMENT AND ADEQUACY OF INTERNAL FINANCIAL CONTROLS

The Company's system of financial and compliance controls with reference to the financial statements and risk management is embedded in the business process by which the Company pursues its objectives. The Company uses foreign exchange forward contracts to hedge its exposure for movements in foreign exchange rate. The use of this foreign exchange forward contract reduces the risk to the Company. The Company does not use these for trading or speculative purpose. Additionally, the Audit Committee and the Board of Directors provide risk oversight through their review of potential risks which could negatively impact the operations, the proposed budget and plan, the Company's strategic framework and any risks that may negatively impact it. The management is committed to ensure an effective internal control environment commensurate with the size, scale and complexity of the operations, which provides assurance on the efficiency of the Company's operations and safety/security of its assets besides orderly and legitimate conduct of Company's business in the circumstances, which may reasonably be foreseen. The Company has defined organization structure authority levels delegated powers, internal procedures, rules and guidelines for conducting business transactions.

The Company's system and process relating to internal control and procedures for financial reporting have been designed to provide

reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of Company's assets that could have a material effect on the financial statements and for preventing and detecting fraud and other irregularities or deliberate miss-statements. Management is responsible for establishing and maintaining adequate disclosure controls and procedures and adequate internal controls over financial reporting with respect to financial statements besides its effectiveness in the context of applicable regulations. The Internal Auditor, the Audit Committee as well as the Board of Directors conduct from time to time an evaluation of the adequacy and effectiveness of the system of internal controls for financial reporting with respect to financial statements.

DISCLOSURE OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUT GO

The Information under Section 134(3) of the Companies Act, 2013 read with Rule 8 (3) of the Companies (Accounts) Rules, 2014 for the year ended 31st March, 2020 is given here below and forms part of the Director's Report.

A. Conservation of Energy:

The Company has a well-structured energy management system in place and regular efforts are made to optimise process parameters and energy conservation. Additionally, while undertaking modernisation and technological upgradation of production facilities, due consideration is also given in selection of plant and equipments which conforms to the best in class energy conservation parameters. The other identified key initiatives for conservation of energy during the year were:

1. The steps taken or impact on conservation of energy:

- a. Continuous replacement of incandescent bulbs with compact fluorescent (CFLs) and LED bulbs. These are energy efficient modern alternatives which save energy considerably & helps to reduce energy consumption.
- b. Installation of VFD (Variable Frequency Drive), the electronic device on the electrical motors, where the energy consumption is very high, by which considerable amount of energy is saved resulting in conservation of energy.
- c. Capacities are installed for effective distribution of electricity supply and improve the power factor. The Company has carried out automisation of this system, resulting in better control and improving further power factor.
- d. Energy also can be saved by better utilisation staff is well trained

accordingly. Running of equipments unnecessary also results in wastage of energy. Energy is conserved by stopping the wastage.

- e. Undertaken thick plantation to help reducing pollution.
- f. Upgradation of effluent treatment plant is continued. Treated water is used for washing & cleaning.
- g. Water is consumed very efficiently avoiding any losses. Monitoring is done on day to day basis.
- h. Treated efficient water is used.
- i. The Company has installed the solar energy system in its plant at Silvassa.

2. The Steps taken by the company for utilising alternate sources of energy:

- a. Alternative energy is any energy source that is an alternative to fossil fuel. There are various sources of alternate energy i.e. solar, wind, geothermal, biomass, bio fuels, hydropower etc. Solar power is the most convenient of all which can be made use of by installing solar panels and converting solar energy into directly electrical energy.

Management has understood the advantages of solar power and initiated the process to install solar panels which will help considerably to reduce power bill as well as conserving energy and in turn helping to reduce pollution.

3. The capital investment on energy conservation equipments:

Rupees 7.98Lakh were spent on energy conservation equipments.

B. Technology absorption:

1. The efforts made towards technology absorption:

We have a state of the art research and development laboratory to conduct new product developments, new applications

development to meet customer needs and business aspirations.

2. The benefits derived like product improvement, cost reduction, product development or import substitution etc.:

Improvisation in products quality helps to retain and increase the market share. Product development too helps to reduce cost and sustainability in market. We constantly look for process improvisation at manufacturing level to reduce energy consumption, minimise waste generation and to produce cost effective products in line with environmental policies.

3. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

Not applicable as no technology was imported during the last three years.

4. The expenditure incurred on Research and Development.

Rupees Six Lakhs were spent on Research and Development.

C. Foreign Exchange Earnings and Outgo:

For the year under consideration, earnings in the foreign exchange in terms of actual inflows is Rs. 901.81 lakhs and foreign exchange outgo in terms of actual outflows is Rs. 10,163.80 lakhs

For and Behalf of the Board of Directors

INDEPENDENT AUDITOR'S REPORT

To the Members of Nikhil Adhesives Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the standalone financial statements of **Nikhil Adhesives Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind As financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (Ind AS), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit, other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. For each key audit matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to this matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key Audit Matters

Key audit matters	How our audit addressed the key audit matters
<p><u>Existence and condition of inventories of raw and packing material, finished goods and stock in trade (Refer note 8 to the standalone Ind AS financial statements)</u></p> <p>The Company has a policy of performing physical verification of inventories, as per plan, for all its locations, throughout the year. Due to the restrictions imposed on account of COVID-19, the planned year end verification of the inventories was carried out subsequent to the year end, which we could not observe physically. The total value of inventory as at 31st March 2020 is Rs.3,668 lakhs.</p>	<p>We performed the following alternate audit procedures to audit the existence and condition of inventories as per the guidance provided in SA 501 “Audit Evidence – Specific Considerations for Selected Items”, as at the year-end, since we were not able to physically observe the verification of inventories:</p> <ul style="list-style-type: none"> • The stocks physically verified by the management were reconciled with the perpetual inventory records maintained by the Company as on the date of the physical verification and in respect of the material items of the inventories, carried out rolled back procedure to arrive at the stock quantities as at the balance sheet date. • For stocks held at third party locations, obtained direct confirmation of the inventory held by them as at the year-end. • Performed additional alternate procedures which included inspection of supporting documentation relating to purchases, sales and production records relating to inventory as at year-end.
<p><u>Revenue recognition</u></p> <p>Revenue is one of the key profit drivers. Cut –off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year. The issue assumed more importance this year due to COVID 19 related transportation constraints towards the end of the year.</p>	<p>The issue was addressed in our audit by audit procedures with regard to revenue recognition that included testing controls around dispatches/deliveries, substantive testing for cut -offs and analytical review procedures.</p>
<p><u>Increased risk of non recovery of debts in retail segment.</u></p>	<p>The issue was addressed by performance of more extensive procedures to establish the recoverability of the debts including realizations subsequent to the balance sheet date and considered the market pulse from the sales and marketing team of the Company</p>

Other Information

The Company’s Board of Directors is responsible for the other information. The other information comprises of the Annual Report but does not include the standalone Ind AS financial statements and our auditor’s report thereon. The other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read such other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to comply with the relevant applicable requirements of the standard on auditing for auditor's responsibility in relation to other information in documents containing audited financial statements. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of the standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended 31st March, 2020 and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V to the Act.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 41 to the financial statements.
 - (ii) The Company does not have any long-term contracts including derivative contracts outstanding as on the balance sheet date. Hence, disclosure of any foreseeable losses in respect thereof is not applicable.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund (IEPF Fund) by the Company. However there has been delay of 10 days in transferring 15,325 equity shares of nominal value Rs 1,53,250/- which were required to be transferred to the IEPF Fund pursuant to Section 124(6) of the Act for Financial Year 2011-12.

Annexure B

Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditors' Report of even date to the members of Nikhil Adhesives Limited on the financial statements for the year ended March 31, 2020.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Nikhil Adhesives Limited** ("the Company") as at March 31, 2020, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

1. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the 'Guidance Note on Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

2. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to the standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.
3. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to the standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to the standalone Ind AS financial statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
4. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting with reference to the Standalone Ind

AS Financial Statements

5. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to the financial statements includes those policies and procedures that:
- (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
 - (b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
 - (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to the

Standalone Ind AS Financial Statements

6. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting with reference to the standalone Ind AS financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements

Corporate Information

Nikhil Adhesives Ltd("the Company") a Public Limited Company incorporated under the Companies Act, 1956, is listed on the Bombay Stock Exchange. The Company is mainly engaged in the business of manufacturing various types of polymer emulsions and adhesives that are used for different applications. The Company has five manufacturing units located at Dahanu (Maharashtra), Silvassa (Dadra Nagar Haveli), Dahej (Gujarat), Unna (Himachal Pradesh) and at Tumkur (Bangalore). The company is also engaged in the business of trading in chemicals.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation

1.1.1 The financial statements of the Company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

1.1.2 The Company's functional currency and presentation currency is Indian Rupees (INR)

1.1.3 Classification of Assets and Liabilities into Current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

1.2 Use of judgements, estimates and assumptions

The preparation of the Company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The Company's accounting policies, management has made judgements in respect of evaluation of recoverability of deferred tax assets, which has the most significant effect on the amounts recognised in the financial statements.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within:

a) Useful life of property, plant and equipment and intangible assets:

The Company has estimated useful life of the Property Plant and Equipment as specified in Schedule II to the Companies Act, 2013. However the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities cannot be measured based on quoted prices in active market, the fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes:

Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extant laws and the Company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and courts, amendments to statutes by the government etc.

e) Defined benefit plans:

The cost of defined benefit plans and other post –employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

NIKHIL ADHESIVES LIMITED

Notes forming part of the Financial Statements

f) Provisions:

The Company makes provision for gratuity based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies:

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However the actual liability could be considerably different.

1.3 Property, Plant and Equipment

Freehold land is carried at historical cost. All other property, plant and equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises of its purchase price, borrowing cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimation of any decommissioning obligations and finance cost.

When significant parts of the Property, Plant and Equipment are required to be replaced at intervals, the Company derecognises the replaced part, and recognises the new part with its own associated useful life and depreciated accordingly. Likewise when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Cost of Software directly identified with hardware is recognised along with the cost of hardware.

Stores and spares which meet the definition of Property, Plant and Equipment and satisfy recognition criteria of Ind AS 16 are capitalised as Property, Plant and Equipment.

An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

Capital work-in-progress includes cost of Property, Plant and Equipment which are not ready for their intended use.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Depreciation on the Property, Plant and Equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 using straight line method. Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided on pro rata basis with reference to the month of addition / deletion.

In line with the provisions of Schedule II of the Companies Act 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components has been assessed based on the historical experience and internal technical inputs.

1.4 Intangible Assets

Intangible Assets are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation/ depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortised expense on intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss. The useful lives of intangible assets are assessed as either finite or indefinite. Gains or losses arising from derecognition of an intangible asset are recognised in the Statement of Profit and Loss when the asset is derecognised. Intangible assets with indefinite useful lives, are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The impairment loss on intangible assets with indefinite life is recognised in the Statement of Profit and Loss.

1.5 Impairment of non – financial assets

At each Balance Sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

NIKHIL ADHESIVES LIMITED

Notes forming part of the Financial Statements

1.6 Inventories

Inventories are valued as under :

Raw materials, packing material, stores and spares are valued at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above manufacturing cost.

Stock in process is valued at lower of cost and net realisable value.

Finished goods (including in transit) are valued at cost or net realisable value whichever is lower. Cost for this purpose includes direct materials, direct labour utilities, other variable direct costs and manufacturing overheads, based on the normal operating capacity and depreciation.

1.7 Cash and cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered as an integral part of the Company's cash management.

Bank Balances other than above

Dividend escrow account balances, deposits with banks as margin money for guarantees issued by the banks, deposits kept as security deposits for statutory authorities are accounted as bank balances other than Cash and Cash equivalents.

Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.8 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets:

(i) Classification :

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit and loss on the basis of its business model for managing the financial asset and the contractual cash flow characteristics of the financial asset.

(ii) Initial recognition and measurement :

All financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

(iii) Financial assets measured at amortised cost :

Financial assets are subsequently measured at amortised cost using effective interest rate method (EIR), if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The losses arising from the impairment are recognised in the Statement of Profit and Loss.

(iv) Financial assets at fair value through other comprehensive income :

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms give rise to cash flows that are solely payments of principal and interest on the principal outstanding.

(v) Financial assets measured at fair value through profit and loss :

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in profit and loss.

(vi) Derecognition of financial assets :

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

B. Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

C. Financial Liabilities

(i) Classification :

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

(ii) Initial recognition and measurement :

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

NIKHIL ADHESIVES LIMITED

Notes forming part of the Financial Statements

(iii) Subsequent measurement :

All financial liabilities are re-measured at fair value through statement of profit and loss and include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

(iv) Loans and borrowings :

Interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through EIR amortisation process. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

(v) Derecognition of financial liabilities :

A financial liability is derecognised when the obligation under the liability is discharged or canceled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(vi) Derivative financial instruments :

The Company uses derivative financial instruments such as forward currency contracts and options to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The gain or loss in the fair values is taken to Statement of Profit and Loss at the end of every financial year. Profit or loss on cancellations / renewals of forward contracts and options are recognised as income or expense of the financial year.

1.9 Fair value measurement

The Company measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability; or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

1.10 Borrowing cost

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.11 Provisions, Contingent liabilities, Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the changes in the provision due to the passage of time are recognised as a finance cost.

Contingent liabilities are disclosed in the case of :

- (a) a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- (b) a present obligation arising from the past events, when no reliable estimate is possible;
- (c) a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefit is probable.

1.12 Employee Benefits

Employee benefits include Provident Fund, Gratuity Fund, and Compensated Leave.

(i) Provident Fund :

The Company contributes to a recognised provident fund which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the Statement of Profit and Loss.

(ii) Gratuity :

The employees of the Company are eligible for gratuity in accordance with the Payment of Gratuity Act, and is a Defined Employee Benefit. The above benefit is not funded but provision is made in the accounts. The Company's net obligation in respect of the gratuity benefit is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value. The present value of the obligation under such benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method which recognises each period of service that give rise to additional unit of employee benefit entitlement and measures each unit separately to built up the final obligation. The obligation is measured at present values of estimated future cash flows. The discounted rates used for determining the present value are based on the market yields on Government Securities as at the balance sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

(iii) Compensated Leave :

Unutilised leave of staff lapses as at the year end and is not encashable. Accordingly, no provision is made for compensated absences.

1.13 Revenue Recognition

Sale of Goods :

Revenue from sale of products is recognised when the control on the goods transferred to the customer. The performance bifurcation in case of sale of product is satisfied at a point of time i.e. when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract. Gross sales measured at the fair value of the consideration received or receivable and are net of returns and discounts.

Dividend Income :

Dividend income is recognised when the right to receive is established and there is a reasonable certainty of its collection.

Contract Revenue :

Revenue from goods manufactured under contractual arrangement is recognised on completion of the contractual performance.

Interest Income :

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments (for example, prepayment, extension, call and similar options) but does not consider the expected credit loss.

Insurance compensation :

Compensation in respect of insurance claims is recognised on acceptance basis or when there is reasonable certainty that the ultimate collection will be made.

Others :

Income in respect of other claims and commissions are measured at fair value and recognised when there is reasonable certainty that the ultimate collection will be made.

1.14 Taxes on Income

Income tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

Current Tax :

The Company provides for current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax :

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Notes forming part of the Financial Statements

1.15 Earnings per Share

Basic earnings per share are calculated by dividing the profit after tax or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of the same is given to arrive at diluted earnings per share.

1.16 Segment Reporting

The operating segments have been identified on the basis of nature of products and same are accordingly evaluated by the Manager and Board of Directors. Company's operating segments are Manufacturing of Adhesives & Emulsions and Trading in Chemicals & Others. Company accordingly reports its financials under two segments i.e. Manufacturing of Adhesives & Emulsions and Trading in Chemicals & Others.

1.17 Leases

The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. This policy has been applied to contracts existing and entered into on or after 1st April 2019.

The Company's lease asset classes primarily consist of leases for office units in a building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Transition

Effective 1st April 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on 1st April 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended 31st March 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended 31st March 2019.

1.18 Foreign exchange transactions

Foreign currency transactions are accounted for at the exchange rate prevailing on the date of the transaction. All monetary foreign currency assets and liabilities are converted at the exchange rates prevailing at the reporting date. All exchange differences arising on translation of monetary items are dealt within the Statement of Profit and Loss.

1.19 Capital Work-in-Progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Nature and purpose of reserve

(a) Capital Reserve

The Capital reserve represents the amount recognised long back upon takeover of a running manufacturing unit.

(b) Securities premium

Securities Premium reserves is used to record the premium on issue of shares. The reserve can be utilized only for limited purposes such as issuance of bonus shares, writing off the preliminary expenses in accordance with the provisions of the Companies Act, 2013.

(c) Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

(d) General reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilized only in accordance with the specific requirements of Companies Act, 2013.

(e) Other comprehensive income

Other comprehensive income consist of remeasurement gains/losses on employees defined benefit expenses and change in fair value of investments

(B) Financial risk management objectives

The Company's Corporate Treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk, credit risk and liquidity risk. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign exchange forward contracts. Compliance with policies and exposure limits is a part of Internal Financial Controls. The Company does not enter into or trade in financial instruments, including derivative financial instruments, for speculative purposes.

(C) Market risk

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates (see note E below). The Company enters into foreign exchange forward contracts to manage its exposure to foreign currency risk of net imports.

(D) Foreign currency risk management

(i) Exposure in foreign currency -Hedged

The Company enters into forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes. There is no any further contract as on 31st March 2020.

The forward exchange contracts used for hedging foreign currency exposure and outstanding as at reporting date are as under :

Currency	Number of contracts	Buy amount	Indian rupee equivalent
Forward contract to buy USD- As 31-03-2020	-	-	-
Forward contract to buy USD- As 31-03-2019	12	41,25,583	29,82,40,907

(ii) Exposure in foreign currency -Unhedged

The foreign currency exposure not hedged as at 31st March 2020 are as under:

Particulars	As at 31.03.2020		As at 31.03.2019	
	Amount in foreign currency	Amount in rupees	Amount in foreign currency	Amount in rupees
Payable in foreign currency exposure (USD)	57,80,892	44,69,44,377	38,21,493	27,41,47,683

Particulars	As at 31.03.2020		As at 31.03.2019	
	Amount in foreign currency	Amount in rupees	Amount in foreign currency	Amount in rupees
Receivable in foreign currency exposure (USD)	1,79,420	1,27,34,932	6,37,022	4,46,37,103

(E) Foreign exchange forward contracts

It is the policy of the Company to enter into foreign exchange forward contracts to cover foreign currency payments (net of receipts) in USD and EUR. The Company enters in to contracts with terms upto 90 days. The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that we follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

Regulatory Requirements: The Company does alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Mode of taking Cover: Based on the outstanding details of import payable and export receivable (in weekly baskets) the net trade import exposure is arrived at i.e imports - exports = net trade exposures. The net trade import exposure arrived at is netted off with the outstanding forward cover as on date. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity by actual delivery of the hedged currency for settling the underline hedged trade transaction.

(F) Credit risk management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables. The Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties. Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

(G) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Company also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost effective manner.

(H) Fair value measurements

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. This note provides information about those assets and the basis of determination of the fair values in respect thereof.

(i) The following table give details of the financial assets and financial liabilities which are valued at Fair Value

(Amount in rupees)

Financial Assets/ Financial Liabilities	Fair value		Fair value hierarchy	Valuation techniques(s) and key input(s)
	As at 31st March 2020	As at 31st March 2019		
Trade payables (imports)	44,69,44,377	57,23,88,590	Level 1	Rate published by FEDAI
Receivables (exports)	1,27,34,932	4,46,37,103	Level 1	Rate published by FEDAI
Derivative contracts	-	29,82,40,907	Level 1	Rate offered by foreign exchange dealer
Investments	3,97,428	5,13,469	Level 1	As per quoted price/NAV

(ii) The fair value hierarchy:

Level 1: valuation based on quoted market price: financial instruments with quoted prices for identical instruments in active markets that the Company can access at the measurement date.

Level 2: valuation using observable inputs: financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.

Level 3: valuation technique with significant unobservable inputs: financial instruments valued using valuation techniques where one or more significant inputs are unobservable.

(iii) Financial instruments measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
